SENSATIONAL TESTIMONY.

A Wisconsin Supreme Court Justice Seeking Rebates.

Milwaukee, Wis., July 19.—J. O. Albright, general agent in Wisconsin for the Union Central Life Insurance Company of Ohio, who appeared before the Wisconsin legislative insurance investigating committee today (Thursday) produced some correspondence of a sensational character between his company and a Wisconsin supreme court justice, in which the latter tried to obtain a rebate, and offered the company a plan for subterfuge under which the judge believed the rebate could be given and still come within the pale of the law. Albright said that if the supreme court judges were willing to offer subterfuges by which they could obtain rebates he thought there was little wonder the rank and file of the public were looking for rebates too. The name of the judge was not made public.

EXTREME EXCITEMENT.

Rumor That Ukase Dissolving Russian Parliament is Ready.

St. Petersburg, July 20.—Extreme excitement pervades all classes owing to fear that the action of the lower house of parliament in adopting at two o'clock this morning an address to the people may be the signal for a coup d'etat against the parliament. The rumor is published that an imperial ukase ordering the dissolution of parliament has already been signed. The feeling of general alarm is increased by the fact that all night long the guard regiments have been marching into the city from the camp at Krasnoyarsk. The question now is how the change in the form of the address as finally adopted will affect the situation. Undoubtedly the Social Democrats endeavored to amend the address so as to avoid the appearance that parliament is entering upon a revolution.

At the house of parliament today a pessimistic feeling was prevalent, but the leaders generally did not believe the government would dare attempt a dissolution of the parliament. At the opening of the session of the lower house the question of the publication of the address to the country which President Morountseff last night decided had not been carried owing to the lack of a quorum, was allowed to go over until Monday.

The house adopted a resolution on the Bialystok massacre demanding prosecution of the military and police officials involved, irrespective of rank. The resolution concludes with an expression of distrust of the ministry and a demand for its resignation. The government is held responsible by resolution for the secret propaganda inciting class against class.

No Intervention.

St. Petersburg, July 20.—The Russ today explained that its information regarding the possibility of Austro-German intervention in Russia in the event of revolution was not official, but was based on articles on the subject published in the foreign press.

Russian Town in Ruins.

Samarra, Russia, July 20.—The latest news from Syzran is that the city is a heap of ruins. Hundreds of people lost their lives in the flames, and several men suspected of incendiarism were lynched. Food for the starving inhabitants is being sent.

COMPETITION AT AMARILLO.

Panhandle Town Proposes to Raise Money to Beat Roswell's Exhibit Car.

A. Foltz, who got up the Pecos Valley exhibit car last year, began work on the subscription list in Roswell today for a better car than ever before. He has already secured grain and other products from the lower Valley. Artesia folks especially taking much interest in the car. There is no trouble about getting the stuff to show, but in order to defray necessary expenses some cash will have to be raised. Mr. Foltz says that Amarillo and other Panhandle towns have already subscribed \$1,900 and propose to raise three thousand dollars for an exhibit car, which they proclaim will surpass anything ever attempted by the Pecos Valley. Mr. Foltz, however, remarked that money doesn't make things grow in the Panhandle that are equal to the Pecos Valley. He considered it a high compliment the Panhandle people paid us in taking the Roswell car as the standard for their effort.

Mr. Foltz requests the farmers to bring in specimens of their finest products to the Roswell Commercial Club and leave them with Secretary Graham for the exhibit car.

EXCURSION DAY.

Elks at Denver Refresh Themselves by Trips to Mountain Resorts.

Denver, Colo., July 20.—This was "Excursion Day" on the program of the Elks annual reunion. Having enjoyed four days of merrymaking in Denver, with never an idle moment, thousands of visitors refreshed themselves today by trips to mountain resorts. As many of the Knights of the Auliers as could be handled were taken over the Moffatt road to the continental divide, being desirous of visiting the snow-banks from which came the snow with which they were pelted in the parade yesterday.

Announcement was made today of the awards in the bronco busting contest which has been a feature of the reunion. The first prize of \$500 goes to Clayton Banks, of Cheyenne; the second to Sam Scoville, and the third to Peter Burns.

The B. P. O. E. Grand Lodge today installed the new officers, headed by Grand Exalted Ruler Henry A. Melvin, of Oakland, Cal. The new ritual as well as the new constitution was finally adopted.

CAPTURED BY RANGERS.

Mexican Who Murdered His Father-in-Law, Caught in Arizona.

Phoenix, Ariz., July 20.—A dispatch to Governor Kibbey from Southern Arizona sent by Rangers Brooks and Wheeler announces the capture by them of Quijada, who, it is alleged on Tuesday night committed a most heinous murder in Agua Prieta, Mexico, a few yards south of the international line, at Douglas. Quijada, it is claimed, cut the throat of his wife's father, Marceline Uribe while the victim was in bed and then disemboweled him. Mrs. Quijada was in the same room, but did not awaken and knew nothing of the crime until morning. Quijada worked in a Douglas smelter for three years. The motive of his crime is unknown.

Carload of Pears Shipped Out.

The first entire carload of pears ever shipped out of the Pecos Valley and thought to be the first ever shipped out of New Mexico, was sent out yesterday over the P. V. & N. E. to Chicago. They were from the Parker Earle orchard, the crop of which is now being harvested. There will be at least two more cars from this orchard, and the pears are of very fine quality.

The 26th Territorial Fair is billed for September 17 to 22 in the City of Albuquerque. The management is making a special effort that every section of the Territory will be represented in their exhibition hall with the products of the Territory. Large purses are hung up for prizes and every fruit and vegetable producer should avail himself of this opportunity to place on exhibition the products of New Mexico.

Fritz Brink yesterday afternoon received a blue Australian shepherd dog from a friend in Kansas City, and the animal is a beauty. Mr. Brink has placed dog on exhibition at the west end of the wholesale grocery department of the Joyce-Pruit store. Judge Richardson thinks that Mr. Brink would part with his rare treasure if some one should come forward and pay the express charges.

The Ladies' Aid Society of the Methodist Episcopal church gave a social at the home of Mr. and Mrs. Sam Jones, on North Pennsylvania avenue last night. There was a good crowd present and all had a good time. An impromptu musical program was rendered. The ladies made a snug sum for their treasury.

Mrs. W. T. Bledsoe, who has been visiting Mrs. James M. Hervey for the past seven weeks, left this morning for her home in Fort Worth. She was accompanied by Master Andrew Hervey, who will visit in Ft. Worth some time.

Mrs. W. C. Burrus was one of the ladies who assisted Mrs. James Gardner at her party Wednesday afternoon, instead of Mrs. S. E. Best, as erroneously stated yesterday.

MUST GET NEW LICENSE.

District Attorney Hervey Says Gamblers Cannot Operate Under Their Old Permit.

District Attorney James M. Hervey has been keeping in close touch with the movements of the gamblers who are establishing a gambling house at the east edge of town, just outside the city limits. And the district attorney intends to see that they keep all their actions within the limits prescribed by law. To a Record reporter Mr. Hervey today said:

"I certainly am going to do all in my power to stop the gambling. I cannot prevent it, for there is a law in this Territory that fosters it; but I can see that the gamblers keep strictly within the law. I cannot even advise the county commissioners to refuse to grant the license, because they have a territorial license the law provides that the license be issued when the money is tendered. But they cannot run a gambling game out there on a license granted to do business in Roswell. They will have to get a new license for the specific place in which they seek to do business. If they attempt to run under their old licenses I will stick them, sure."

Mr. Hervey's manner indicated that he was determined in the stand he had taken, and he showed much spirit in his remarks. In this stand the citizens of Roswell should give Mr. Hervey their unqualified support.

Messrs. Divens & Stewart did not start their gambling games last night as they intended. They are all but ready, having still a few details to arrange that are taking more time than was anticipated. They hope to start in a few days.

UPRISING IN MEXICO.

Threatened Demonstration Against Foreigners.

El Paso, Tex., July 20.—Rafael Ysabel, governor of Sonora, Mexico, passed through El Paso today enroute to Mexico City to consult with President Diaz and prepare for a threatened uprising in that country on September 19th. President Diaz has called all the governors into conference.

The threatened uprising is a proposed demonstration against foreigners on the day of the Independence Fiesta in the various state capitals. The movement originated with the League of Mexican Railroad Employees, and its purpose is to drive out of the country all Americans, English and others who hold positions on railroads, in smelters and mines. The Mexican government has been making preparations to control the situation and prompt measures will be taken, it is said to quell any disorders that may arise.

TROUBLE IN INDIA.

Great Britain Warned Against Introduction of Party Politics.

London, July 20.—In introducing the Indian budget in the House of Commons today, Indian Secretary Morley sounded a warning note on the necessity of excluding India from the field of party politics, saying that any false step in India would send Great Britain into confusion infinitely more dire and disastrous than any false step in South Africa. "India's case in the free trade controversy," he said, "can be put in a nutshell. Her prosperity and comfort, the growth of her trade and commerce, and the solvency of India hang upon her exports. The United Kingdom takes 25 per cent of her exports, while Europe and the Far East take 75 per cent. Thus when the people of Great Britain asked India for preferential duties they were asking her to discriminate against three-fourths of her customers."

Mr. Morley considered the time ripe for an advance in improvement of the system of government in In-

dia. With this object the viceroy was he said appointing a commission to confer as to how far the extension of the representative element in legislation could be expediently carried out.

A Standing Advertisement.

R. H. Kemp, of the Kemp Lumber Company, this morning showed the Record solicitor an advertisement that he wrote for Josiah H. D. Smoot when he was in Mr. Smoot's employ twenty-five years ago at Alexandria, Virginia. The advertisement has been running continuously for twenty-five years without change in the "Gazette." It is a two-inch, single column ad, to promote the lumber business of Mr. Smoot. The company has been in the lumber business at the same stand since 1821, and a grand reception will be given at Alexandria in 1921, the one hundredth anniversary of the establishment of the business. "If I am living at that time," said Mr. Kemp, "I am going to Virginia and give a celebration that will cost \$5,000, as it was Mr. Smoot's desire to have a celebration at that time."

Rev. S. R. Twitty's Charge Prospers.

The following item from the Brenham Evening Press speaks well for the work of Rev. S. R. Twitty, formerly pastor of the First M. E. church South of Roswell:

"The financial statement recently issued by Rev. C. F. Smith, presiding elder of the Brenham district, shows that the Giddings Memorial Church of Brenham (Rev. S. R. Twitty pastor) raised more money during the past quarter than any other church in the district. During this time this church raised for the support of the ministry alone \$442.50, which is \$150 more than was raised by any other church. Three months ago the position of this church was sixteenth; now it stands first. For the first time in many years the pastor and presiding elder have their salaries in full, with money in the treasury."
